You are cordially invited to the fourth “Green Energy Industry Risk Management Workshop”, on 6th of July, 2018.

The workshop is organized by Aon, Chung-Hua Institution for Economic Research (CIER), Formosa Transnational Attorneys at Law, KPMG, LOC Renewables, CR Classification Society (CR) and Swiss Re Corporate Solutions. The discussions throughout the day will focus on topics including financing risk management, contract management, due diligence and risk transfer methods of the industry.

This workshop will bring together developers, financing institutes, and relevant suppliers/parties, to further the growth of the green energy industry in a safe and stable environment. It would be our great honour to have your presence at the workshop. Details are as follows –

Date : July 6th 2018 (Friday)

Time : 08:30 – 17:00
